

# 100kw hybrid inverter factory in Vietnam

## Overview

---

Where are PV inverters made?

The plant specializes in grid-tied and hybrid inverters. GoodWe, a China-based PV inverter manufacturer, has started operations at its first overseas manufacturing plant in Haiphong, Vietnam. The facility covers approximately 14,800 square meters and will initially specialize in the production of grid-tied and hybrid inverters.

What is a 3 phase industrial hybrid inverter?

The 100kW 3-Phase Industrial Hybrid Inverter is a powerful and scalable solution designed to meet the demands of large industrial energy systems. Supporting parallel operation of up to 4 inverters, it can be expanded to an impressive 400kW capacity, making it ideal for high-power applications.

How many GW is a Phase 1 production plant in Vietnam?

“The factory is expected to achieve an annual capacity of approximately 5 GW once Phase I's production lines reach full operational status,” a company spokesperson told pv magazine. The company said it expects that establishing production in Vietnam will enhance its price competitiveness in global markets.
