

300wh power station in China in Namibia

Overview

Namibia's state-owned power utility, NamPower, has secured a contract with Chinese companies China Jiangxi International Economic and Technical Cooperation Co. Ltd and Chint New Energy Development (Zhejiang) Co. Ltd to construct the country's largest solar power plant. Is NamPower partnering with China to build Rosh Pinah solar power plant?

WINDHOEK, Sept. 9 (Xinhua) -- Namibia's state-owned power utility, NamPower, on Monday signed an engineering, procurement, and construction contract with a Chinese joint venture for the 100MW Rosh Pinah Solar PV power plant.

How many power stations does Namibia have?

NamPower has four power stations: Currently, Namibia imports most of its electricity from South Africa and other countries in the region. A special arrangement between NamPower and Eskom, the South African Power utility, enables Namibia to buy and utilise the surplus energy from SA at affordable rates.

How much is China's new energy development contract worth?

The contract, signed with the Chinese joint venture between China Jiangxi International Economic and Technical Cooperation Co., Ltd. and China New Energy Development (Zhejiang) Co., Ltd., is valued at over 1.4 billion Namibian dollars (about 78 million U.S. dollars).
