

# **40-foot Folding Container for Bridges**

## Overview

---

What is a 40ft shipping container?

Built with high-quality steel, this weather-resistant 40ft shipping container ensures protection against harsh elements, making it perfect for on-site storage needs. Whether you're looking to store heavy machinery, seasonal inventory, or personal belongings, our 40ft Shipping Containers provides ample space and reliability.

What is a 40 ft container used for?

40ft units can be used for commercial, residential, and shipping industry applications. There are a few types of 40-foot shipping containers, but the most common one is the standard dry 40' shipping container. These storage containers are easy to load and unload and can hold products that are dense or have a lot of weight.

How much cargo can a 40ft container hold?

Compared to a 20ft shipping container, a 40ft container can pack a whopping 2.53 m of cargo for every ton of weight. Meaning, a 40' container can hold up to approximately 26.76 tons of cargo. 40ft units can be used for commercial, residential, and shipping industry applications.

What is a 40ft double door container?

The 40ft double-door container is the perfect option for those looking for easy access to their storage. With doors on both sides, one can easily get to the storage. The 40ft Refrigerated Containers are ideal for storing and transporting sensitive materials that need to be kept at low temperatures and low humidity levels.
