

40-foot site container solar container solar container battery capacity

Overview

What is a 40 ft battery storage system?

Battery Storage System 40' Feet Container. Features and functions□ High Yield Advanced three-level technology, max. efficiency 99% Effective forced air cooling, 1.1 overload capacity, no derating up to 55°C□ Various charge and discharge mode, flexible for battery configuration Easy O&M.

What is a solar container?

Our Solar Containers are designed in a way to maximize ease of operation. It's not only meant to transport PVs but also to unfold them on site. It is based on a 20' sea container. The efficient hydraulic system helps quickly prepare the Solar to work. Because of their construction, our containers offer unmatched flexibility and mobility.

What are the features of a PCs container system?

Individual pricing for large scale projects and wholesale demands is available. Max. Charge/Discharge power The container system is equipped with 2 HVACs the middle area is the cold zone, the two side area near the door are hot zone. PCS cabin is equipped with ventilation fan for cooling.
