

500kW Off-Grid Solar Container Used in Indian Sports Stadiums

Overview

Who commissioned 820.8 kWp at Cricket Club of India (CCI)?

Location: Mumbai, India Tata Power Solar commissioned 820.8 kWp at Cricket Club of India (CCI), Mumbai in 100 days. The Stadium was inaugurated by Shri Devendra Fadnavis, Honourable Chief Minister of Maharashtra. Tata Power Solar joined hands with Cricket Club of India to utilise the potential of solar energy.

Why did Tata Power Solar join Cricket Club of India?

Tata Power Solar joined hands with Cricket Club of India to utilise the potential of solar energy. The installation of this solar rooftop project helped to generate over 1.12 million electricity per year, which led to 25% of savings in the power consumption cost.

What are some examples of captive solar energy systems in India?

Recognizing this trend, many private and government organizations in India have started setting up solar energy systems for captive use. Companies such as Maruti Suzuki, Amazon India, Oberoi group, ONGC, Coal India Ltd., etc. are some recent examples.

Which is the world's largest rooftop in a cricket stadium?

Mr. Ashish Khanna, President, MD & CEO, Tata Power Solar said, "After executing the world's largest Rooftop in a single location and India's largest carport at Cochin International Airport, Tata Power Solar has installed the world's largest Rooftop in a Cricket Stadium at CCI Mumbai, in a record period of 100 days."

500kW Off-Grid Solar Container Used in Indian Sports Stadiums

[Utility Energy Storage Container 500kW 1MW Off-Grid Solar ...](#)

The Utility Energy Storage Container 500kW 1MW Off-Grid Solar Power System is a robust, modular solution for remote or off-grid energy needs. Featuring Huawei's advanced ...

Can an all

Our Industrial Solar Storage System All - in - one 215kWh Container is designed to store excess solar energy efficiently. This stored energy can be used during peak demand periods, when ...

[500kw 1mwh off Grid Solar Power System Solar Energy ...](#)

Nov 29, 2025 · Ess adopts an "All-In-One" design concept, with ultra-high integration that combines energy storage batteries, BMS (Battery Management System), PCS (Power ...

[Eco-Friendly Cricket Stadiums in India: Leading the Charge ...](#)

Apr 16, 2025 · Explore how eco-friendly cricket stadiums in India are revolutionizing sustainability practices in the sports industry. Learn about the green initiatives in major stadiums and how ...
