

A place where battery cabinets are developed in Bangkok

Overview

Who is Thai storage battery?

Overview: Thai Storage Battery is one of the oldest battery manufacturers in Thailand, known for its strong presence in the automotive and industrial sectors. TSB is transitioning into lithium-ion but remains a key player in traditional batteries. Established Time: 2023.

Why is Thailand a key player in the lithium-ion battery market?

As the global shift toward clean energy accelerates, Thailand is emerging as a key player in the lithium-ion battery market, driven by its strategic position in Southeast Asia's electric vehicle (EV) and renewable energy boom.

Why should you visit Bangkok for a battery & energy storage Expo?

Bangkok, a vibrant metropolis known for its openness to new technologies and commitment to sustainability, provides an ideal environment for presenting forward-thinking solutions and international idea exchange. The ASEAN (Bangkok) Battery & Energy Storage Expo in Nonthaburi took place from Wednesday, 05. March to Friday, 07. March 2025.

Who makes EV batteries in Thailand?

The facility, operational since 2024, produces lithium-ion battery packs (LFP and NMC) for EVs, targeting 60,000 units annually. Leveraging Great Wall Motor's automotive expertise, SVOLT focuses on cobalt-free batteries, enhancing cost-efficiency and sustainability. The company supports Thailand's EV ecosystem, supplying local and ASEAN markets.
