# ASEAN Mobile Energy Storage Power Station

## Overview

---

Does ASEAN need energy storage?

Determinedly, the region has set the targets of 23 per cent renewable energy share in Total Primary Energy Supply (TPES), and 35 per cent share of renewable energy in ASEAN installed power capacity by 2025. This means that energy storage is required. What Is The Status Quo?

Does ASEAN have a policy for promoting battery energy storage?

According to the ASEAN Centre for Energy (ACE) Policy Brief: Enabling Policies for Promoting Battery Energy Storage in ASEAN, only a few AMS have related policies. For instance, Thailand's Ministry of Energy presented its 'Energy 4.0' strategy by integrating disruptive energy technologies such as energy storage systems.

Is energy storage the future of Southeast Asia?

As renewable energy sources will play a more prominent role in the region's sustainable development, the integration of energy storage systems in Southeast Asia is imminent. Energy storage seems to be facilitating the transition towards clean and sustainable energy, particularly for islands and rural areas within the region.

Which energy storage systems are being installed in Thailand?

Thailand installed two sets of KSTAR 5kW+10kWh energy storage systems (Blue-5000D) in December 2020. The storage already provides a clean and stable night-time power supply at the Chumpoll Temple in Ayutthaya Province, Thailand.

## ASEAN Mobile Energy Storage Power Station

### [Energy Storage Solution: Mobile Power with Zero CO2 Emission](#)

Sep 18, 2025 · ASEAN is a region heavily affected by storms and floods. These disasters often cause large - scale blackouts, disrupting rescue efforts and production, and causing billions of ...

### [ASEAN Resilient Grid Capacity Building Programme ...](#)

Mar 25, 2025 · Cheng identified pumped storage as a mature and economically viable flexible regulation resource, crucial for clean energy-dominated power systems. This training aims to

...

### [ASEE - ASEAN SMART ENERGY & ENERGY STORAGE EXPO](#)

Aug 29, 2025 · According to the draft Power Development Plan (PDP) for 2024-2037, Thailand plans to add 47,251 MW of power capacity, of which 34,851 MW will come from renewable ...

### [Sabah launches Southeast Asia's largest battery energy storage ...](#)

2 hours ago · Sabah's new 100MW/400MWh battery facility, the largest in Southeast Asia, aims to stabilise the grid and boost renewable energy integration. KOTA KINABALU: Sabah has

## [Grid-Scale Battery Storage: SynVista Backs ASEAN Solutions](#)

Sep 2, 2025 · SynVista advocates localized grid-scale battery storage at ASEAN Battery Conference, highlighting Li-ion as the region's anchor technology.

## [Why ASEAN's energy transition needs bold action now](#)

4 days ago · Energy storage and cross-border power interconnections provide critical flexibility to accommodate increasing shares of renewable energy. To realise this potential, ASEAN ...

## [Shanghai's first smart mobile facility for photovoltaic storage](#)

Feb 12, 2025 · The intelligent charging cabinet. [Photo/thewpaper.cn] Shanghai's first intelligent mobile facility for photovoltaic storage and charging became operational on Feb 6 in the city's ...

## ASEAN to Push Utilisation of Storage Technologies

5 days ago · ASEAN Member States (AMS) need to step up their game on energy storage development. As the 6th ASEAN Energy Outlook foretells, ASEAN's Total Final Energy ...
