Overview

Can South Africa build a container house?

South Africa, fortunately, doesn't hold back in terms of building container homes. Even though the idea of container houses hasn't taken off the way it has overseas, more and more locals are realising the potential of what can be achieved with an old shipping container (or two, or three.).

What is a luxury container house in South Africa?

This design is the perfect blend of wood and metal and is quite common for luxury container homes in South Africa. The shipping container provides the framework for the house, while the wood elements add a touch of elegance to the otherwise bare metal. There are numerous ways the wood can be incorporated into the design.
