

Are there hundreds of outdoor power supplies in Palau

Overview

How many types of power plugs are there in Palau?

In Palau, there are two types of power plugs and outlets: Type A and Type B. Both types are used in airports, hotels, restaurants, etc., but they differ in terms of shape. Type A: Type A plugs have two flat prongs on either side of the plug.

Do device plugs work in Palau?

Most device plugs will work with the outlet types in Palau. Also, the voltage in Palau is the same as in North America. Please note: an adapter will be needed if your device plug has a grounding pin and you are trying to use a Type A outlet. For this reason, we always recommend traveling with a universal travel adapter.

Do I need a travel adapter in Palau?

The electrical outlets and power plugs in Palau are of types A & B (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. However, you may still need a voltage converter if the voltage is different.

What voltage is used in Palau?

In Palau, power plugs and sockets (outlets) of type A and type B are used. The standard voltage is 120 V at a frequency of 60 Hz. Palau is a small island nation in the western Pacific Ocean, known for its stunning coral reefs, diverse marine life, and pristine beaches.
