

Baku 200MW energy storage project

Overview

What is Azerbaijan's 200 MW Bess project?

The 200 MW BESS project, a key initiative in Azerbaijan's renewable energy expansion, was formalized in May 2024 through an agreement between ACWA Power and the Ministry of Energy. Strategic importance for Azerbaijan.

Is Saudi Arabia working with Azerbaijan on a battery energy storage system?

Thank you! Saudi Arabia's ACWA Power is actively working with the Azerbaijani government on the next phase of the Battery Energy Storage System (BESS) project, according to Polina Lyubomirova, Business Development Director of ACWA Power in Azerbaijan, Azernews reports, citing Trend.

Are battery-based storage systems a good investment for Azerbaijan's energy system?

Economic benefits and fossil fuel reduction Battery-based storage solutions, Lyubomirova noted, are already widely adopted worldwide and offer economic benefits for Azerbaijan's energy system. These systems help reduce reliance on fossil fuels like oil and gas, enabling more effective integration of wind and solar power.

How will Azerbaijan & ACWA Power work together in 2024?

In May 2024, ACWA Power and Azerbaijan formalized their partnership via an Implementation Agreement that marks a substantial move toward enhancing the country's energy infrastructure. The BESS project aims to mitigate the intermittent nature of renewable sources like wind and PV, by ensuring energy is efficiently stored and dispatched.
