

Bandar Seri Begawan new solar container battery project

Overview

Where is Bandar Seri Begawan located?

Bandar Seri Begawan is located at latitude 4.89035 and longitude 114.94006. It is part of Asia and the northern hemisphere.

Will Sarawak develop a floating solar project at Bakun hydroelectric plant?

KUCHING (June 10): Sarawak takes another step to strengthen its energy security and environmental sustainability with the formalisation of a memorandum of understanding (MoU) with two of China's leading companies to develop a floating solar project at the Bakun Hydroelectric Plant (HEP) reservoir.

What is Brunei Darussalam's largest solar project?

This milestone represents Brunei Darussalam's largest government-led solar project to date and the first large-scale solar initiative under a Public-Private Partnership (PPP). It underscores the nation's commitment to diversifying its energy mix and pursuing low-carbon development as part of its decarbonisation agenda.

Will a floating solar facility be built on Bakun HEP reservoir?

"The agreement sets the framework for the Sarawak government, CTGI, and Shanghai Electric Power to jointly undertake various studies and collaborate on the potential development of a floating solar facility with a capacity not exceeding 1,000 megawatts (MW) on the Bakun HEP reservoir," the statement said.
