

Black Mountain Portable Backup Power Supply

Overview

What is the best portable power station for home backup?

Key Details: Need something that grows with your power needs?

The Jackery Explorer 2000 Plus kit is hands-down the best expandable portable power station for home backup. The base unit plus one expansion battery already delivers over 4kWh, and serious users can push that all the way up to 24kWh with parallel stacking.

How do I choose a backup power station?

Below are the key factors that will help you decide which model fits your backup power goals best: Battery capacity, measured in watt-hours (Wh), tells you how much energy the power station can store. A higher Wh means longer runtimes for your appliances. For basic needs like lighting, routers, or phone charging, 500–1000Wh is usually enough.

Do you need a backup power source?

If you live in an area where a power cut is far too common, having a backup power source can be a lifesaver. Not to forget, power stations are highly affordable alternatives to the traditional generator and with Black Friday and Cyber Monday upcoming, now is a great time to find a good deal or gift for a friend or family member.

Can a portable power station be used as an uninterruptible power supply?

Yes, a portable power station can be used as an uninterruptible power supply. Many portable power stations come with UPS features, like automatic switchover when power loss is detected.
