

# China distribution switchgear in Australia

## Overview

---

How is the Australian switchgear market segmented?

The Australian switchgear market is segmented by voltage class (high voltage, medium voltage, and low voltage) and end user (utilities, residential and commercial, and industrial). The market sizes and forecasts are provided in terms of value (USD) for all the above segments.

Who are the leading switchgear manufacturers in Australia?

Major players in the market include ABB Ltd, Schneider Electric SE, and Tamco Switchgear Malaysia SDN BHD. In November 2023, Ausgrid, at Westfield Miranda in Sydney, made a significant stride by installing Australia's inaugural Siemens blue gas insulated (GIS) medium voltage switchgear.

What drives the Australian switchgear market?

The primary drivers of the Australian switchgear market are the upgradation and expansion of the electrification infrastructure and the demand for electrical networks for industrial and residential utilities. The rise in the demand for renewable energy sources is also one of the primary driving factors.

Why is the Australian switchgear market fragmented?

The Australian switchgear market is fragmented due to the absence of a major player with a dominant market share. Major players in the market include ABB Ltd, Schneider Electric SE, and Tamco Switchgear Malaysia SDN BHD.
