

# **Compact power station factory in Honduras**

## Overview

---

How many power plants are in Honduras?

Honduras has 40 utility-scale power plants in operation, with a total capacity of 2164.9 MW. This data is a derivative set of data gathered by source mentioned below. Global Energy Observatory/Google/KTH Royal Institute of Technology in Stockholm/Enipedia/World Resources Institute/database.earth.

Who owns Amarateca substation?

Six separate companies have submitted bids to build the 4-hour BESS project, and it will be implemented next year after evaluation and award phases are completed, Carbajal said. The Amarateca substation belongs to the National Company Of Electric Energy (ENEE), the country's main utility.

Where is La Esperanza power plant located?

The plant is located four kilometers outside the city of La Esperanza, on the Intibucá River. For the local population, the plant is a huge gain: CISA and atmosfair have connected 4 villages to the electricity grid for the first time.

How many seedlings are planted in Honduras?

Up to now, more than 60,000 seedlings were planted on uncultivated surfaces, with more being planned. A small hydropower plant (13.8 MW) in Honduras produces climate-friendly electricity in Intibucá, a remote region near the border with El Salvador. The plant is located four kilometers outside the city of La Esperanza, on the Intibucá River.
