

# **EK SOLAR Energy Storage Project in Canada**

## Overview

---

Who is building the Skyview 2 energy storage project?

The project was developed by Kyon Energy, which will also act as the engineering, procurement and construction management (EPC-M) contractor. Canadian Solar Inc (NASDAQ:CSIQ) said today its e-STORAGE business has secured a contract to equip and build the 411-MW/1,858-MWh DC Skyview 2 energy storage project in Ontario, Canada.

Will Skyview become Canada's largest battery energy storage facility?

“The Skyview project, our largest SolBank delivery contract to date, is set to become one of Canada’s largest battery energy storage facilities upon completion.

What is Canadian Solar doing with aypa power?

On Oct. 1, 2025, Canadian Solar announced that it had signed a battery storage agreement and long-term service contracts with Aypa Power for the Elora and Hedley battery energy storage projects in Ontario, Canada. Combined, these two projects will deliver 420 MW / 2,122 MWh of new storage capacity to Ontario’s grid.

When will E-storage deliver a battery energy storage system?

Canadian Solar said separately that e-STORAGE has also secured a battery energy storage system (BESS) supply agreement for a 20.7-MW/56-MWh DC energy storage project in Lower Saxony, Germany. Shipments are set to start in March 2026, with commissioning due later that year.
