

Free delivery of New Zealand Telecom BESS power station

Overview

Where will Bess be installed in New Zealand?

Confirmed yesterday (19 September), the 2-hour duration BESS will be installed at Huntly Power Station on the country's North Island, owned by Genesis, a listed New Zealand generation, wholesale, and retail energy company.

Where is the largest thermal power station in New Zealand?

The Huntly Power Station, New Zealand's largest thermal power station. Image: Saft. Saft, a subsidiary of French energy giant TotalEnergies, will provide Genesis Energy in New Zealand with a 100MW/200MWh utility-scale battery energy storage system (BESS).

When will New Zealand's energy storage project come online?

The energy storage project is expected to come online during the July-to-September period of 2026. Saft described the Huntly Power Station as "the single largest electricity generation site in New Zealand." New Zealand welcomed its first utility-scale battery energy storage system earlier this year.

What does Bess stand for?

Paris, 19 September 2024 – Saft, a subsidiary of TotalEnergies, has won a major contract to deliver a turnkey, utility-scale battery energy storage system (BESS) for Genesis Energy Limited, a listed New Zealand generation, wholesale, and retail energy company.
