How many energy storage power stations are there in Aarhus Denmark

Overview

Where can I find information about energy in Denmark?

On the Danish Energy Agency's website, you can find statistics and key figures on the subject of energy, e.g. energy prices.

Where can I find current electricity prices in Denmark?

Green Power Denmark shows current electricity prices as well as solar and wind's share of Danish energy production. The figures originate from Energinet's Energy Data Portal. At Drivkraft Danmark, you can find both current prices and the historic price trend from 1970 onwards for e.g. petrol, diesel fuel for motor vehicles and oil.

Can a hydrogen-based energy storage system be used in Denmark?

Bulk physical storage of renewable energy produced gases can act as a longer-term storage solution (hours, days, weeks, months) to help maintain flexibility in a fossil-free energy grid (The Danish Partnership for Hydrogen and Fuel Cells). Without the hydrogen scenario, the potential for hydrogen-based energy storage in Denmark will be limited.

Where can I find information about charging stations in Denmark?

The Ministry of Transport often publishes information and news about charging stations Ladeinfrastruktur og opladelige biler (in Danish). How many wind turbines do we have in Denmark?

The Danish Energy Agency's register (in Danish) contains information on the location, size and production of all Danish wind power plants.
