

Huawei Madrid new liquid flow battery brand

Overview

What is Huawei's new patent on sulfide solid-state batteries?

(Via) Huawei's new patent on sulfide solid-state batteries addresses liquid battery degradation, promising high energy density, safety, long life, and stability for EVs and storage.

Does Huawei make batteries?

Even though Huawei doesn't manufacture batteries, the company is putting plenty of R&D resources into developing a new solid-state battery tech. The newest patent reveals a battery pack that can go for 1,860 miles away from the plug and fully charge in just five minutes. This is perhaps one of the craziest technologies we've heard so far.

What is Huawei sulfide-based solid-state battery technology?

Huawei is set to make a significant advancement in energy storage with its latest development in solid-state battery technology. The tech giant has recently unveiled a patent for a sulfide-based solid electrolyte, a crucial component for next-generation lithium-ion batteries.

What is Huawei's new EV battery?

Smartphone giant and EV investor Huawei has challenged CATL and BYD's supremacy by inventing a pioneering new battery that blends an incredible range of up to 3000km with a charging time of just five minutes.

Huawei Madrid new liquid flow battery brand

[Huawei files patent for a new solid-state battery tech](#)

Nov 6, 2024 · Huawei's new patent on sulfide solid-state batteries addresses liquid battery degradation, promising high energy density, safety, long life, and stability for EVs and storage.

[How Huawei's 1,864-mile solid-state battery could transform ...](#)

Jul 26, 2025 · A new 1,864-mile solid-state battery from Huawei could transform the EV world and be a real game-changer. Electric car manufacturers have been seeking ways to increase ...

[Huawei's 3,000km solid-state battery patent with 5-minute ...](#)

Jun 18, 2025 · Huawei has stepped up its ambitions in advanced energy storage with a patent for a sulfide-based solid-state battery that offers driving ranges of up to 3,000 kilometres and ultra ...

[Huawei Patents 3,000km Solid-State Battery with 5-Minute ...](#)

Jun 19, 2025 · Huawei's 3,000km Solid-State Battery Patent with 5-Minute Charge Ignites Industry Race -- Huawei has intensified its ambitions in advanced energy storage by

patenting a ...

China's tech giant claims 1,800-mile range for new solid-state EV battery

Jul 5, 2025 · China's tech giant claims 1,800-mile range for solid-state EV battery, files patent
Huawei's patent application reveals that its battery uses a method of doping sulfide ...

[Huawei's huge battery breakthrough! New solid state tech ...](#)

Jun 24, 2025 · Smartphone giant and EV investor Huawei has challenged CATL and BYD's supremacy by inventing a pioneering new battery that blends an incredible range of up to ...

[Huawei says its new solid-state EV battery can give you](#)

Jul 2, 2025 · Vehicle Tech Hybrid & Electric Vehicles
Huawei says its new solid-state EV battery can give you 1,800 miles of range and charge in less than 5 minutes, but we have questions

Huawei patents a new solid-state battery with 1,860 miles ...

Even though Huawei doesn't manufacture batteries, the company is putting plenty of R& D resources into developing a new solid-state battery tech. The newest patent reveals a battery ...

Liquid flow energy storage, targeted by Huawei, has emerged as a new

In addition, the 100-megawatt liquid flow battery technology has been included in the "14th Five-Year Plan" new energy storage core technology equipment research and development key ...

Huawei plans to invent solid-state battery tech, reveals new ...

Nov 7, 2024 · Huawei has recently issued a new patent regarding solid-state battery tech. It would be a wonderful implementation in the energy storage sector. It will further act as a vital ...
