# Huawei installs solar panels in Southeast Asia

## Overview

---

Who is Huawei digital power & peak energy?

[Shanghai, China, June 11, 2025] Huawei Digital Power and Peak Energy, a leading Singapore-based Independent Power Producer (IPP), officially signed a Memorandum of Understanding (MoU) at SNEC 2025, forming a powerful alliance to fast-track the rollout of renewable energy solutions across the Asia-Pacific C&I sector.

Why is Huawei reshaping the future of Energy Innovation?

By leveraging Huawei's cutting-edge digital power technologies and Keppel's expertise in energy management, we are not only meeting the growing demand for renewable energy to support Singapore's global leading position in green development - we are reshaping the future of energy innovation.

Why is Huawei partnering with Singapore?

The partnership aligns with global sustainability targets and supports Singapore's Green Plan 2030. According to Maxi Wang, CEO of Huawei International, the initiative reinforces Singapore's leadership in the global green economy, meets rising demand for renewable energy, and helps reshape the future of energy innovation.

How will Huawei & Keppel work together?

Through this partnership, we will harness Huawei's digital power technologies and Keppel's deep expertise in energy infrastructure to enhance the reliability and seamless integration of renewables with state-of-the-art energy storage.
