

Hungary Pécs Air Energy Storage Power Station

Overview

Where is the largest battery energy storage system in Hungary?

Image: MET Group. IPP MET Group has put a 40M/80MWh BESS in Hungary into commercial operation, deployed using technology from Huawei. The 2-hour battery energy storage system (BESS) is the largest in Hungary, Switzerland-headquartered MET Group said, deployed at its Dunamenti thermal power plant in Százhalombatta, near Budapest.

How met group contributes to the energy transition in Hungary?

On site at the Dunamenti Power Station in Százhalombatta, MET already installed a 4 MW / 8 MWh demonstrator plant based on Tesla Megapack 2 batteries in 2022. With this latest BESS plant which went into operation today, MET Group and the Dunamenti Power Station are further strengthening their contribution to the energy transition in Hungary.

Does Pannon Herm supply district heat?

Through its operation, Pannon Hőerőmű Zrt. supplies approximately 31,554 district-heated apartments and 483 other consumers (e.g. hospitals, schools, shopping centers, etc.) with district heat through the local heat provider, PÉTÁV Kft., in which it has a 33% minority stake.
