

# **Jakarta ADB Energy Storage Project**

## Overview

---

June 5, 2025 | Manila, Philippines – The Asian Development Bank (ADB) and the Global Energy Alliance for People and Planet (GEAPP) announced a grant agreement to establish Enhancing Access to Battery Energy Storage System (BESS) for Low-carbon Economies (ENABLE), a platform dedicated to accelerating battery storage deployment across the Asia and Pacific region by pooling and concentrating the human and financial resources to fast-track BESS projects, together with other similar-minded development partners. How can ADB support Indonesia's just energy transition?

Aims to support Indonesia's just energy transition through an accelerated deployment of renewable energy and a phase down of on-grid and off-grid coal-fired electricity generation. ADB to provide institutional support and implementation capacity to the JETP Secretariat through a technical assistance.

How much money did the ADB invest in Indonesia in 2023?

The ADB estimated its investments in the region to have amounted to \$10.7bn in 2023. The Asian Development Bank (ADB) has approved a \$500mn loan to support Indonesia's energy transition through the Affordable and Sustainable Energy Transition programme.

Should you invest in Jakarta energy storage product production?

Let's cut to the chase: If you're exploring Jakarta energy storage product production, you're likely either an industry insider, a sustainability-focused business, or an investor eyeing Southeast Asia's clean energy gold rush.

Did Jakarta add more grid-scale battery storage in 2023?

Here's a fun fact: Jakarta added more grid-scale battery storage in 2023 than all of Malaysia combined. The secret sauce?

A perfect storm of government incentives, raw material access, and engineers who can troubleshoot power systems while stuck in traffic (a crucial

skill here).
