

Kosovo new solar panels for sale price

Overview

Does Kosovo have solar power?

Kosovo has the potential of capturing solar energy directly and converting it to electricity. The region of highest solar potential based on global horizontal irradiation is the southwestern part of Kosovo, centred around the city of Gjakova. Solar power is already used on the roofs of some buildings.

What is the New Kosovo power plant?

The New Kosovo power plant is part of the government's plans to reform Kosovo's energy sector. Other plans include closing Kosovo A power station by 2017, rehabilitating Kosovo B power station to meet EU standards, and privatizing the country's electricity distribution system. Plans for New Kosovo also include a lignite coal mine, the Sibovc SW.

Does Kosovo need a new energy sector?

Given this background, the Government of Kosovo has prioritized the modernization and improvement of the country's energy sector, and has asked its development partners, including the World Bank, European Commission, KfW, USAID, as well as other donors, for support and assistance.
