# Large uninterruptible power supply company in the UK

## Overview

---

How important are uninterruptible power supplies?

At Vital Power we fully understand and appreciate how important uninterruptible power supplies (UPS) are in supporting critical electrical infrastructure. Emergency power is what keeps businesses online and up and running when there's a power failure from an outage, weather event or other issue.

Who makes uninterruptible power supplies?

Swiss made and designed Uninterruptible Power Supplies for the present and future of the most critical power applications. From Standalone PremiumTower10-60kW to the most advanced and highest availability modular solution CumulusPower. Centiel advanced technology takes availability to the next level.

Who is UK ups?

UK UPS is a limited company based in Hertfordshire with over 20 years of experience in the electrical power industry dedicated to deliver high quality power solutions and quality customer service.

What is a standby UPS system?

Standby UPS systems are a crucial component of hospital and medical power systems too. Having both a UPS system and a standby generator makes for a truly robust and reliable backup power setup.
