

# **Liberia containerized 100kw generator**

## Overview

---

What is a containerized generator?

**Less Maintenance** The Containerized Series generator sets are designed for harsh weather and strict acoustical standards, utilizing a standard 40' high cube container equipped with an array of innovative features, allowing the system to operate reliably even in the hottest environments – validated at ambient temperatures of up to 55 degrees Celsius.

Why should you buy a Cummins containerized generator set?

**More Robust. More Control. More Reliability.** Factory pre-integrated and customizable per site requirements, the new Cummins Containerized Series generator sets can provide significantly shortened lead time for installation, and a lower cost of ownership via a flexible design.

Why should you choose a containerised generator?

**Fire Detection Panels and Intruder Alarms:** Enhanced safety and security. Our containerised generators are suitable for a wide range of applications, including: **Super Silent:** Super silent 65dBA at 1m for prime power running diesel and gas. **Critical Backup Power:** For MOD, NHS, and HMP sites, ensuring reliable performance in emergencies.
