

# **Lithium power station factory in Kuala-Lumpur**

## Overview

---

What's going on with Malaysia's New lithium-ion battery factory?

The Malaysia factory's construction is progressing smoothly, with the main structure almost completed. It has obtained a manufacturing license for cylindrical lithium-ion batteries and is expected to be completed and put into production by the end of this year.

What is a lithium battery factory?

Specializing in the production of cylindrical lithium batteries for power tools, cleaning tools, electric two-wheelers and etc, the factory is designed to be a hub of technology and productivity, contributing to the energy transition and low-carbon development critical to the future of industry.

Where is China's new lithium battery plant located?

Chinese lithium giant Eve Energy (Yiwéi Lǐnéng 亿纬锂能) is investing ¥8.654 billion RMB (\$1.22 billion USD) in a new lithium battery plant in Kulim, Kedah, Malaysia. The new facility, named the “Malaysia High Safety, High Reliability, Long-Life New Energy Storage Project,” is expected to be completed in under 2.5 years.

Where is the new lithium battery manufacturing facility located?

Global lithium battery manufacturer Eve Energy Co Ltd today held a groundbreaking ceremony for its US\$422 million (RM1.9 billion) new manufacturing facility in Kulim, Kedah. Get breaking news fast — follow us on WhatsApp and Telegram.
