

Moldova new solar tile manufacturer

Overview

Yuens is proud to showcase its solar project in Moldova featuring the RP-1 tile roof mounting system. What is a solar tile manufacturer?

As a solar tile manufacturer, we offer innovative solutions to meet your solar product needs. Our solar tiles integrate advanced solar cell technology and can be a direct replacement for traditional tiles as part of a building's roof, providing clean, renewable energy for your home.

What are solar roof tiles?

Solar roof tiles (or photovoltaic roof tiles) are a way to seamlessly integrate solar technology into your home without compromising the natural design of your home. It works on the same principle as traditional solar panels. Therefore, solar roof tiles combine the functionality and aesthetics of BIPV, allowing for uniformity of design!.

What certifications do solar roof tiles have?

Our solar roof tiles have passed the following international and domestic certifications: CE certification, TUV certification, CFR-CTC certification, and CQC certification. You can use our solar roof tile products with confidence to provide your family with independent, clean, renewable energy. Contact us now to get Gain Solar discount price.

What is the best roof angle for solar roof tiles?

Although the best roof angle for solar roof tiles to capture sunlight is between 15 and 40 degrees, since solar tiles usually cover the entire roof, the roof slope has little effect on efficiency. Do you provide technical guidance and installation training?
