

Monaco solar power station generator

Overview

How many photovoltaic power stations will Mer own in 2021?

By the end of 2021, M.E.R. will own 15 photovoltaic power stations. This major new initiative will increase the total power of the facilities owned by M.E.R. to 128 MWp (106 MW of photovoltaic power and 22 MW of wind power), together generating 184 GWh per year, or 34% of the Principality's electricity consumption.

Who provides electricity & gas in the Principality?

* Société Monégasque de l'Electricité et du Gaz, supplier of electricity and gas in the Principality.

Can a Goal Zero solar generator power a skylight?

Goal Zero solar generators deliver quiet, gas-free energy for both indoor and outdoor needs. The Yeti 300 can power the Skylight for 63 hours on the lowest brightness setting. Power through outages or power your outdoor adventures with our reliable and eco-friendly products.

Can you charge a power station with an alternator?

Yes, you can integrate with your alternator to charge power stations on the go. Goal Zero offers scalable and versatile emergency backup power options including portable power stations that you can carry from room to room or take on camping trips.
