

New Delhi Dartech solar container outdoor power

Overview

What is solar energy policy in Delhi?

This policy will apply to any solar energy generating system with a capacity of 1 kWp or more. It applies to all electricity consumers and entities that set up or operate solar power projects in Delhi.

How can consumers adopt solar energy in Delhi?

Consumers in Delhi facing capital constraints can access models under the Renewable Energy Service Company (RESCO) mode to adopt solar energy. One such model is the conventional RESCO model, where consumers enter into a power purchase agreement (PPA) with a solar developer/installer for a fixed period, typically 25 years.

How much solar capacity will Delhi have by 2025?

In December 2022, the Delhi Government released a draft solar policy that targeted a 6,000 MW solar capacity target by 2025. Subscribe to Mercom's real-time Regulatory Updates to ensure you don't miss any critical updates from the renewable industry.

What is a containerized solar PV system?

Powtech's Containerized Solar PV Solution utilizes innovative hybrid technology housed within a standard 20-ft marine container, delivering up to 10,000 kWh of energy annually. The system integrates solar panels positioned atop the container, boasting a power capacity range of 4 to 8 kWp, complemented by a reliable battery backup system.
