

North Africa Off-solar container grid inverter

Overview

What is an off-grid solar inverter in Gauteng?

Off-grid solar inverters in Gauteng are best suited for people who want to be completely off the Eskom grid and be self-efficient, or for people who do not have access to Eskom's electricity grid. A fully installed off-grid solar system in Gauteng can be pricey but, it can save large amount of money in the long term.

What is an off grid solar container unit?

Attaching to the grid can also be expensive and this can be an issue in the UK as well as Africa or Latin America. An Off Grid solar Container unit can be used in a host of applications including agriculture, mining, tourism, remote islands, widespread lighting, telecoms and rural medical centres.

Can a containerized Solar System be installed off-grid?

Off-Grid Installer have the answer with a containerized solar system from 3 kw up wards. Systems are fitted in new fully fitted containers either 20 or 40 foot depending on the size required.

Are off grid solar containers reliable?

Solar equipment is very reliable but occasionally parts may fail so there is need to monitor and solve any problems. Off Grid Solar container units guarantee security and reliability and allow the engineering team to complete installations in a few days rather than weeks.
