

Off-grid photovoltaic containerized type used at Guyana Airport

Overview

Is Guyana a good place to install solar PV?

As a result, most locations across Guyana have excellent solar insolation levels and are ideal for solar PV generation. As at 2018, the total installed capacity for Solar PV in Guyana is 4.63 MW with an estimated annual generation of 7.16 GWh.

How is solar energy used in Guyana?

In Guyana, solar energy is used for several purposes, including drying agricultural produce, irrigation, ICT, and to improve electricity access in rural areas. Under the Hinterland Electrification Programme, in excess of 19,000 solar PV systems had been installed in nearly 200 communities by 2018.

How many solar PV farms will Guyana have?

The main electric utility, Guyana Power and Light Inc. (GPL) is preparing plans for 3 utility scale solar PV farms totaling 30 MW for the national grid in the long term, as well as 0.75 MW Solar PV Farm at Wakenaam and a 4 MW Solar PV Farm at Onverwagt in the near future.

How many solar panels will be installed in Guyana in 2019?

In addition, 1.184 MW of solar PV systems will be installed at 80 public buildings in all 10 Administrative Regions of Guyana in 2019. These installations will result in estimated savings of G\$114 million and avoiding 1,415 tons of CO₂ emissions per year.

[Guyana Seeks Bids for CJIA Airport Solar Power Project](#)

Apr 20, 2025 · The Government of Guyana is seeking bids for a Solar Photovoltaic (PV) installation at Cheddi Jagan International Airport (CJIA). Part of the Global Light Emitting ...

[Guyana - pv magazine International](#)

Jun 7, 2024 · Guyana has approved a GYD 885 million (\$4.2 million) investment to retrofit solar systems across 21 Amerindian villages, expanding the country's off-grid solar rollout in four ...

[Mobile Solar Power Containers: Off-Grid Energy Anywhere](#)

Feb 13, 2025 · Mobile solar containers enable total off-grid operation, providing power in locations with no utility grid or where grid access is unreliable. This is essential for rural development ...

[Guyana Seeks Bids for CJIA Airport Solar ...](#)

Apr 20, 2025 · The Government of Guyana is seeking bids for a Solar Photovoltaic (PV) installation at Cheddi Jagan International Airport (CJIA). ...

[Oriana Power Secures US\\$2.49 Million Solar Project At ...](#)

Nov 27, 2025 · Oriana Power Limited has announced a major step in expanding its international operations after receiving a Letter of Award for a significant solar energy project in Guyana. ...

[Guyana off grid electrical systems](#)

What type of electricity is used in Guyana? The electricity sector in Guyana is dominated by Guyana Power and Light (GPL), the state-owned vertically integrated utility. Although most of ...

[Solar - Guyana Energy Agency](#)

As at 2018, the total installed capacity for Solar PV in Guyana is 4.63 MW with an estimated annual generation of 7.16 GWh. In Guyana, solar energy is used for several purposes, ...

[Solar stock in focus after receiving solar project worth \\$2.5 ...](#)

Nov 26, 2025 · A Small-cap company that is engaged in two main business verticals, providing EPC and operations of solar power projects, is in the spotlight after receiving a solar ...

[CARICOM COMMISSIONS A 400 KW SOLAR PV AND STORAGE SYSTEM IN GUYANA](#)

The project will (i) introduce the first-of-its-kind near-shore marine floating solar photovoltaic power plant; (ii) install a battery energy storage system (BESS) and transmission grid with smart ...

[Guyana Photovoltaic Off-Grid Systems Powering Remote ...](#)

Why Guyana Needs Solar Off-Grid Solutions Now
Did you know over 25% of Guyana's rural population still lacks reliable electricity access?
As this South American nation balances ...
