

Phnom Penh solar container lithium battery solar street light

Overview

Who is solar green energy (Cambodia)?

One Request Multiple Quotes. SOLAR GREEN ENERGY (CAMBODIA) CO., LTD called SOGE, was legally registered in December 2013 to work in Renewable Energy Sector especially in Solar Energy field. SOGE provides high quality and standard products and services with highest responsibility.

Does Cambodia have a solar market?

Solar exports predict that Cambodia's solar market could grow at 10% annually owing to this new development. At the moment, Cambodia enjoys a good presence of solar product producers and suppliers. It also has three sea ports and a healthy logistical network. These make it possible to import or export solar products whenever the need arises.

How much solar power does Cambodia have?

Currently, Cambodia's solar energy production and supply capacity stands at approximately 64.77 Megawatts. However, Cambodian households and private enterprises are increasingly investing in photovoltaic systems as an alternative power source.
