

LLSE CONTAINERS

Portuguese energy storage supercapacitor company

Overview

What is a supercapacitor?

Supercapacitors enable more efficient energy storage. Our first product GO-START is tailor-made for EU trucks and directly replaces the lead-acid batteries in the vehicle. Talk to us and let's explore new solutions together. © 2025 C2C NewCap. All rights reserved. | Privacy Policy This website uses cookies to improve your web experience.

Who is carbopora?

Being a start-up company from the Faculty of Engineering of the University of Porto (FEUP), CARBOPORA has a strong scientific and technological background, supported by more than 20 years of research and development experience in membrane separation technologies.

Is Europe ready for energy storage?

Europe is expected to deploy over 90 GWh of utility-scale battery energy storage projects by 2030, and we are well positioned to support this demand along with the wider EMEA region's rapid energy storage growth," said Powin CEO, Jeff Waters.
