Power battery BMS enterprise

Overview

What is BMS battery management system?

The BMS battery management system manages the battery status in a Tesla vehicle. Its quality directly affects the performance of the battery and the entire vehicle system. The main task of the BMS system is to detect and ensure battery safety.

Who is enerkey BMS power?

enerkey BMS Power has a strong R&D and management team with more than 10 years of work experience in the development of power battery lithium-ion protection boards and management systems (BMS). It has successfully developed and mass-produced over 60 hardware board specifications and over 30 intelligent BMS30 specifications.

What is a remote monitoring system for a BMS battery management system?

A remote monitoring system for a BMS battery management system, comprising a main control terminal, a Server server side, a mobile client terminal, and a plurality of BMS battery management system units, wherein the main control terminal and the mobile client terminal are connected to the Server server side;.

Who is eybms technology?

Find Products That Better Meet Your Requirements. EYBMS Technology Co., Ltd. founded in 2016, is a high-tech production-oriented enterprises. We are a high-tech lithium-ion battery management systems manufacturer. Committed to providing professional PCM solutions for every customer, Lead "China Intelligent Manufacturing" to go global!
