# Price of monocrystalline solar panels in Malta

## Overview

---

The average cost of a typical single phase PV system in Malta is around €3,220, after government grant, and can vary between about €800 to over €1,000 per kWp. Are solar panels a good investment in Malta?

We can't stress enough how good of an investment home and commercial solar systems are in Malta. The island has an extremely high sunshine yield, and the right solar system can drastically reduce your electricity bills.

How much does a monocrystalline solar panel cost in India?

In India, monocrystalline solar panels are available in a panel efficiency range of 17%, 18% and 19%. The price of monocrystalline solar panels with 17% efficiency and a watt range of 250-above 300 W is Rs 47 per Wp. In the case of 18% efficient solar panels, the prices are Rs 48 per Wp for 250-300 W and Rs 50 per Wp for panels above 300W.

Which solar panels do you use at Panta?

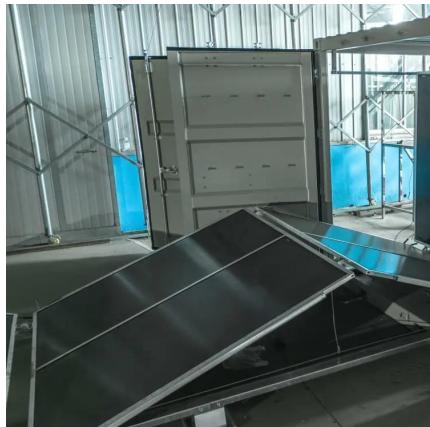

At Panta, we use top-of-the-market solar panels that are extremely efficient and require minimal roof space. We opt for Huasun solar panels and Sungrow inverters. Both companies are renowned worldwide as the leading manufacturers of products for electricity generation from solar energy.

Why should you choose Panta solar?

We have found that the combination of Huasun and Sungrow products provides one of the most power-efficient systems available. Our team of technicians are dedicated to their craft. From tailoring the design of your system to installation, maintenance and after-sales service, Panta will support you throughout the lifespan of your solar solution.
