# Rechargeable battery cabinet base station

## Overview

---

Can batteries be charged during storage?

Batteries can be charged during storage thanks to the built-in sockets and are therefore always ready to use. LISTA is all about bespoke system solutions to meet your needs.

Who can use the e-bike charging station?

Each compartment has a power module with two fused sockets. In addition to business and public authorities, schools, universities, airports, restaurants, cafés, hotels and other public buildings can also be equipped with the e-bike charging station for outdoor use.

What is a Lista e-bike charging station?

Configure now! Thanks to its high resistance to light and weather, the LISTA e-bike charging station is ideally suited for the central supply of e-bike and pedelec batteries for outdoor use. Each compartment has a power module with two fused sockets.
