

LLSE CONTAINERS

Romanian solar container battery company

Overview

What is Romania's largest battery project?

Leading the development is Nova Power & Gas, part of the Romanian E-Infra Group, which has unveiled plans for the nation's largest battery project to date. The company will build a 400 MWh facility in Floreşti, Cluj county, which is expected to be operational by the end of 2025.

How much storage capacity will Romania have in 2025?

This single project will double Romania's current installed storage capacity of 398.8 MWh, a figure that comes from transmission system operator Transelectrica, and mentioned by Romania's energy minister Sebastian Burduja in April, 2025.

How is Romania transforming the European energy landscape?

The investment wave, supported by key regulatory changes, is elevating Romania in the European energy landscape. Leading the development is Nova Power & Gas, part of the Romanian E-Infra Group, which has unveiled plans for the nation's largest battery project to date.

Does Romania have a double taxation of stored electricity?

Romania's National Energy Regulatory Authority (ANRE) recently eliminated the double taxation of stored electricity. The new rules exempt electricity stored and then reinjected into the grid from several tariffs, removing a significant financial barrier for investors.

[Romania: Trina Storage to Deliver 65MWh Battery System for Romanian](#)

Aug 4, 2025 · Trina Storage is set to supply a 65MWh battery energy storage system (BESS) for a new project in Romania, marking its first deployment in the country. The initiative, located in ...

[Spotlight on Romania: The 600 MWh battery storage boom](#)

Jul 31, 2025 · Enterprising companies in Romania's energy storage market have expansion, with recent announcements from two major players, Nova Power & Gas and Visual Fan, set to add ...

[Battery Energy Storage Solutions in Romania](#)

Jul 24, 2025 · Clean, Resilient Energy to Meet Romania's Growing Needs As Romania accelerates its transition to a sustainable energy future, energy storage is becoming a key ...

[Battery storage project pipeline in Romania in rapid expansion](#)

Aug 16, 2025 · In a rising investment wave, firms in Romania are combining energy storage with solar, wind and hydropower or building standalone systems.

Energy storage fever has gripped Romania. More and more large companies

Aug 19, 2025 · The Romanian subsidiary of French company Engie plans to install a storage battery at its newest solar power plant, 37.2 MWp, in Aricestii Rahtivani, Prahova County. The ...

[Romania: Heliopolis launches 400 MW hybrid solar and ...](#)

16 hours ago · Italian company Heliopolis, headquartered in Milan with branches in Timisoara and Bucharest, has announced a large-scale hybrid renewable energy project in southeastern ...

[Toki Power picks up 300 MWh grid storage project in Romania](#)

1 day ago · Solar Macedonia president: "Quality standards are key to sector growth" The location of the battery system is in the south-western province of Oltenia, Romania, and will support ...

Containerized battery storage project ROI in Romania

In an accelerating investment wave, companies in Romania are combining BESS with solar power, hydropower and wind power, or building standalone energy storage facilities.

Toki Power snaps up 150-MW battery project in Romania

3 days ago · Toki Power Holding GmbH, the electricity trading arm of Renalfa Solarpro Group (Renalfa Group), has acquired a 150-MW standalone battery energy storage system (BESS) ...
