

Small solar power generation system in Chad

Overview

Will a solar PV plant be a 'pioneering project' in Chad?

The European Investment Bank (EBI) described the solar PV plant as a “pioneering project” that “will help liberalise the energy sector, and mobilise private investment in Chad.” It is calculated that the cost of electricity will be less than half the current cost of power following the project.

Does Chad have a solar sector?

Chad’s solar sector is still in its infancy. According to figures from the International Renewable Energy Agency (IRENA), the country’s cumulative solar capacity stood at 2 MW at the end of last year, the same figure reported since 2021. What is the Chad energy project?

The Project will help build sustainability in the electricity sector in Chad by reducing production costs; will increase installed capacity in the country and contribute 10% of the energy supplied to the interconnected system (the equivalent of 25,000 customers).

How much will Chad spend on solar power?

Chad plans to raise \$1.1 billion to add 886 MW of power capacity, the majority of which is expected to be solar. Chad is aiming to deploy 520 MW of new solar by the end of the decade. The target forms part of the country's national development plan, Chad Connection 2030, which launched earlier this year.

[Using Renewable Energy in Chad to Combat Poverty](#)

Jul 25, 2024 · Overall, the Djermaya Solar Project yields a significant role in the alleviation of poverty across Chad, on both a small and large scale. Not only does Chad's renewable energy ...

[Solar power brings new life to Chad](#)

Dec 2, 2025 · In rural regions, the deployment of standalone solar systems has supplied clean and dependable energy to numerous households, thereby decreasing dependence on ...

[3MW Community Solar Plants in Chad by Convalt Energy](#)

Dec 3, 2024 · Convalt Energy has partnered with Chad's Ministry of Water and Energy to build three community solar plants in Lai, Bongor, and Moundou, delivering 3 MW of solar power ...

[Scatec builds Chad's first solar plant with storage](#)

May 14, 2025 · Release by Scatec, a subsidiary of the Norwegian renewables company Scatec ASA, has completed construction of a 36 MW solar PV plant integrated with a 20 MWh battery ...

[Chad: 100 people to reap benefits of solar PV mini-grid](#)

Aug 20, 2024 · A community in Chad is celebrating the installation and official inauguration of a solar PV (photovoltaic) mini-grid system equipped with battery storage. The standalone ground ...

[800 KWH Village Solar Power Project in Chad](#)

Oct 14, 2025 · The project is equipped with 1,000 high-efficiency solar panels and four 200 KWH energy storage units, forming a stable and reliable power supply system for the village. The ...

Chad

6 days ago · Beneficiaries The Project will help build sustainability in the electricity sector in Chad by reducing production costs; will increase installed capacity in the country and contribute 10% ...

[Construction commences on two solar/battery hybrid projects in Chad](#)

Jun 3, 2025 · French Independent renewable energy company Qair, has announced the start of the construction of two hybrid solar power plants with battery storage in the neighborhoods of ...
