

Smart solar inverter in China in South-Africa

Overview

Why should you choose a solar inverter in South Africa?

As solar adoption continues to grow in South Africa, choosing the right inverter is crucial for ensuring maximum efficiency and return on investment.

Which inverters are available in South Africa?

Some Solis inverters are also sold under the Synapse Ultra brand in South Africa. Known for its cutting-edge software and premium hardware, Tesla's Powerwall all-in-one system offers intelligent energy management and backup capabilities. Storm Watch is a standout feature, ensuring energy availability during outages.

Is solar energy a viable alternative energy source in South Africa?

The South African government is encouraging the public to use solar energy as an alternative energy source. By 2023, rooftop solar capacity in South Africa will increase by 453%. It will continue to grow as the technology develops and pursues the target of 5.7 GW to be added to the grid system.

Who makes ginlong inverters in South Africa?

Founded in 2005 in China, Solis, the inverter brand of Ginlong Technologies, has expanded its market to South Africa since 2015 and announced the expansion of its production capacity in 2020. Ginlong has a wide range of inverters designed for the needs of the South African market, which has specific local risks and characteristics.

Smart solar inverter in China in South-Africa

[HUAWEI Smart PV South Africa](#)
