Overview

What is a smart container solution?

If the BCO provides information about the planned trip (e.g., via the booking reference), a Smart Container Solution can be configured to provide smart contextualized information. One should keep in mind that the configuration of a Smart Container Solution is variable and can be accomplished by pairing a booking with a given Transport Asset.

Will Envision Energy's 8 MWh battery fit in a 20 ft 6 m shipping container?

Envision Energy announced an 8-MWh, grid-scale battery that fits in a 20-ft (6-m) shipping container this week while at the third Electrical Energy Storage Alliance (EESA) exhibition held in Shanghai. Taken from Envision Energy's website, this is a possible design configuration of its 8-MWh, 20-ft (6-m) container battery. It's colossal.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.
