

# **Solar inverter local upgrade**

## Overview

---

This instruction demonstrates how to use APP iSolarCloud with a Wi-Fi module to locally upgrade the firmware for inverters / communication modules. How do I upgrade a goodwe solar inverter?

Community.goodwe.com Academy@goodwe.com @GoodWeSolarAcademy 1

1. Local Upgrade 1.1 For On-Grid Inverters with Bluetooth and WiFi Module

\*Obtain Firmware files: Download the latest firmware file from GoodWe aftersales or your dealer for assistance. \*Connect method: Use the SolarGo app to connect to your inverter via Bluetooth or Wifi module.

How to upgrade the firmware for inverters / communication modules?

Sungrow latest Wi-Fi modules Wi-Fi V312 / Wi-Net can make the firmware upgrade easy. This instruction demonstrates how to use APP iSolarCloud with a Wi-Fi module to locally upgrade the firmware for inverters / communication modules. To download the new firmware files, login to iSolarCloud APP.

How do I update my solargo inverter firmware?

\*Upgrade Process: Return to the "Firmware Update" page in SolarGo, Tap "Upload Firmware" at the bottom and import the firmware file from your phone. Do not interrupt the process by closing the app. \*Final Confirmation: After completing the upgrade, verify that all inverters reflect the new firmware version and are functioning correctly.

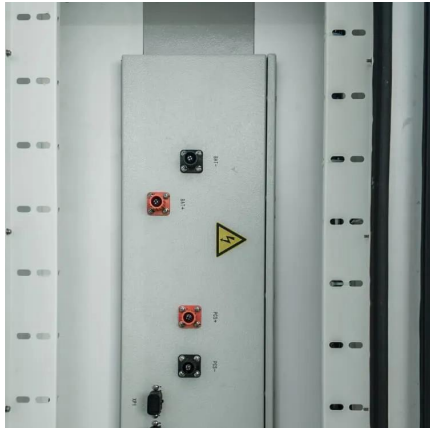

Do I need a firmware update for my Solis inverter?

To ensure the optimal performance of your Solis inverter, regular firmware updates are, at times, essential. These updates enhance functionality, address bugs, and improve the overall efficiency of your solar system.
