Why should I contact green solar electric for solar inverter repair?

When you contact Green Solar Electric for Solar Inverter Repair, we'll walk you through a number of simple checks to narrow down the problem. In some cases the problem could be as simple as a tripped breaker or even a faulty breaker, resetting the inverter can solve some problems as well.

Why do I need an inverter service center?

Physical setup, connecting the system correctly, and ensuring the programming is done right helps ensure proper installation. One common reason people have to call in technicians from the inverter service center is damage caused by overheating. Inverters tend to overheat when there is improper ventilation and poor cooling technology in the system.
