

Solar light with tile box

Overview

What are solar tile lights?

Solar tile lights add a pleasant glow to landscapes. Their relatively low level of lighting is designed to “mark a place” (e.g. such as centre stopper of main gate, as safety measure to prevent tripping at night), or as garden features themselves.

Which solar tile lights are best?

Compared to the other categories of solar garden lights, solar tile lights have the lowest light output and are the most affordable. Best Solar Tile Lights for high performance outdoor solar lighting. Greenmax is Singapore's preferred solar lights supplier for home and commercial usage.

How long do solar tile lights last?

Many solar tile lights utilize amber LEDs to create an even softer ambience than the standard white LEDs. Other available colours are red, green and blue. No maintenance is required and the lifespan is about 10 years. Some of them also "flicker" to simulate candle light.
