

# **Solar panel components manufacturers wholesale**

## Overview

---

Where are solar panels made in China?

Jiangsu Province is renowned as one of China's largest solar panel manufacturing hubs. Located on the east coast, it has the advantage of being near ports, which facilitates the ease of exporting solar panels. The province hosts a multitude of solar panel manufacturers in China, including Trina Solar, one of the world's largest.

What makes China's solar panel manufacturing industry unique?

In conclusion, China's solar panel manufacturing industry stands at the forefront of global renewable energy efforts, offering a vast array of high-quality products from leading manufacturers like Primroot.com, Jinko Solar, Trina Solar, and LONGi Green Energy.

Who makes photovoltaic modules?

GEP-Solar, a subsidiary of Sun Group Corporation, specializes in the manufacturing of photovoltaic modules with an impressive annual capacity of 4.7GW across multiple production units in China and Vietnam. They offer a range of modules suitable for both rooftop installations and larger ground-mounted projects.

Why should you buy solar panels from China?

The continuous supply of high-quality products from solar panel manufacturers, factories and suppliers in China, coupled with our outstanding pre-sales and after-sales services, ensure strong competitiveness in an increasingly globalized market.
