

Solar powered portable outlet in Abu-Dhabi

Overview

Are there electrical outlets in Abu Dhabi?

No, the electrical outlets in Abu Dhabi are different from those in the United States. In Abu Dhabi electrical outlets of type G are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Abu Dhabi?

The electrical outlets and power plugs in Abu Dhabi are of type G (see images).

Do I need a power adapter in Abu Dhabi?

If your devices are compatible with these specifications, you will not need a power adapter. However, if your devices use a different plug type or are not compatible with the voltage in Abu Dhabi, you will need a power adapter and/or a voltage converter/transformer. The standard voltage in Abu Dhabi is 230 V, and the standard frequency is 50 Hz.

Can I connect my laptop charger to an electrical outlet in Abu Dhabi?

Yes, you can connect your laptop charger to an electrical outlet in Abu Dhabi as long as the outlet is compatible with the charger's voltage and plug type. In Abu Dhabi, the standard voltage is 220V and the standard frequency is 50Hz.

What is the standard voltage for power sockets in Abu Dhabi?

All power sockets in Abu Dhabi provide a standard voltage of 220V with a standard frequency of 50Hz. You can use all your equipment in Abu Dhabi if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.
