

South American Solar Energy Storage Containerized Smart Type

Overview

What is Smarter E South America?

The smarter E South America, Latin America's largest platform for the new energy world, returns to São Paulo from August 26-28, 2025, bringing together innovators, decision-makers, and pioneers in renewable energy, smart grids, and e-mobility.

What is the Smarter E South America 2025?

With more than 58,000 visitors and over 680 exhibitors expected, The smarter E South America 2025 serves as the definitive meeting point for the clean energy community in South America. The event offers unparalleled networking, market insight, and business opportunities across the solar, storage, mobility, and digital energy sectors.

What is power2drive South America?

"Power2Drive South America is the ideal forum for bringing together industry professionals, exchanging experiences with experts and researchers leading the transformation of e-mobility, and strengthening connections with the various players driving this ecosystem", Rafael Cunha, COO MOVE and Conference Advisor Power2Drive South America noted.

How much is energy storage worth in 2024?

Energy storage is gaining ground, with installations reaching more than 600 MWh in 2024 and a projected market value of \$3.8 billion by 2030. Growth is fueled by high energy prices, grid instability, and falling technology costs.
