Who makes the best solar panels in Sri Lanka?

Hayleys Solar has partnered with leading tier-1 solar panel manufacturers around the world to provide only the best solar panels in Sri Lanka. All our solar system projects are fitted with durable and conversion-efficient solar panels to ensure that our customers receive long-lasting solar systems.

Which company makes solar inverters in India?

Delta Electronics, based in Thailand, is one of the companies that produces solar inverters in India. They held 2.94 percent market share for inverter vendors in India during January-December 2019.

What is a solar inverter?

Inverters are a key component of most solar system projects; they convert the direct current (DC) generated by the solar panels to alternating current (AC) which is what is used by the national electrical grid.

What can a solar inverter do for You?

Our inverters are also able to monitor the solar system and act as communication portals for the performance of the entire system to be monitored remotely.
