

St Johns 20W Solar Street Light Manufacturer Supply

Overview

Who makes solar LED street lights?

Anern has a professional solar LED light factory to conduct quality production of our wholesale solar LED street lights. The composition of solar LED street lamps is of LED light source, solar panel, solar battery, controller, street light pole and auxiliary materials, etc. Solar LED street light uses the sun's energy as a light source.

What is a solar street lamp?

An aesthetic Solar Street Lamp that hides PV on the pole, ideal for boulevards and business districts focused on environmental protection and way-finding. Solar-powered area lighting for plazas, ports and sports grounds; pairs with Solar Flood Light options for events and security.

Where can solar streetlights be used?

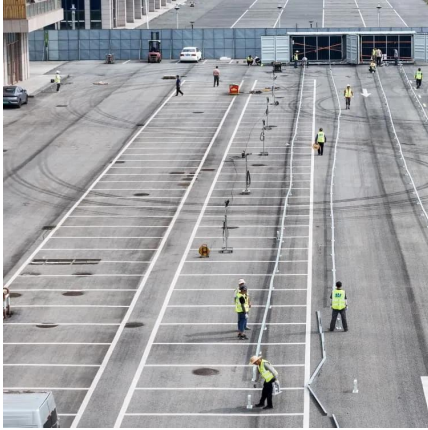

Ideal where panel orientation is critical, these solar streetlights suit highways, coastal roads and parking lot upgrades, offering energy saving operation and easy maintenance. Compact, plug-and-play solar lighting systems with integrated PV, Solar Battery, and controller.

Where to buy solar street lights in China?

Anern is a leading wholesale solar street lights exporter in China. Our solar LED street lamps for sale have been providing perfect lighting solutions all over the world. OEM and ODM available. Click for Anern solar street light price now!
