

Swiss UPS Uninterruptible Power Supply Wholesale

Overview

What are industrial uninterruptible power supply systems (UPS systems)?

We cater to multiple sectors for industrial uninterruptible power supply systems (UPS Systems) through standard or customized solutions. From high amperage manufacturing processes to miniscule backup requirements, these systems can offer efficiency in every application.

How many UPS & battery systems have been installed in Switzerland?

More than 30'000 UPS and battery systems have been successfully delivered, installed and are in operation at more than 3'000 clients in more than 100 countries. This success is based on traditional Swiss values that focus on technical excellence and quality in all areas of operation. We welcome you to be part of it.

Where can I buy UPS - uninterruptible power supplies?

UPS - uninterruptible power supplies are available at Mouser Electronics, an authorized distributor for many leading manufacturers including APC, Phoenix Contact, SOLA, and Tripp-Lite. Please view our selection of UPS uninterruptible power supplies below.

What is a ups & how does it work?

A UPS differs from an auxiliary or emergency power system or standby generator in that it will provide near-instantaneous protection from input power interruptions, by supplying energy stored in batteries, supercapacitors, or flywheels.
