

The largest energy storage power station in western Mauritius

Overview

The Henrietta project is a cornerstone of the nation's energy transition, combining a 60 MWp solar photovoltaic (PV) array with a substantial 240 MWh battery energy storage system (BESS). Why is battery energy storage system being introduced in Mauritius?

The CEB is introducing a Battery Energy Storage System (BESS) on its network to arrest the fluctuation inherent to Variable Renewable Energy (VRE) systems. This is due to the increasing share of VRE in Mauritius' energy mix, as the country's energy transition to a low carbon economy gains momentum.

How many power plants are in Mauritius?

Mauritius has 23 utility-scale power plants in operation, with a total capacity of 989.3 MW. This data is a derivative set of data gathered by source mentioned below. Global Energy Observatory/Google/KTH Royal Institute of Technology in Stockholm/Enipedia/World Resources Institute/database.earth.

Where can I find information on energy access in Mauritius?

Find relevant data on energy production, total primary energy supply, electricity consumption and CO2 emissions for Mauritius on the IEA homepage. Find relevant information for Mauritius on energy access (access to electricity, access to clean cooking, renewable energy and energy efficiency) on the Tracking SDG7 homepage.

How will Mauritius transition to a low carbon economy?

Mauritius is transitioning to a low carbon economy, with the Central Electricity Board (CEB) installing the first grid-scale Battery Energy Storage System (BESS). This is the first of its kind in Mauritius and enables high capacity storage of renewable energy in the grid.

The largest energy storage power station in western Mauritius

[Mauritius Inaugurates 20 MW Battery Energy Storage ...](#)

Jun 1, 2024 · The Government of Mauritius has inaugurated a 20 MW grid-scale battery energy storage system (BESS) at the Amaury Sub-station, marking a significant stride towards its ...

[Majuro Alum Mine Energy Storage Power Station](#)

Where is the largest diesel power station in South Africa? The Marshalls Energy Company operates smaller diesel power stations outside of Majuro, with the largest of these situated on ...

[Marine Energy Roadmap for the Republic of Mauritius](#)

Sep 7, 2020 · Executive Summary At the request of Government of Mauritius, the International Renewable Energy Agency (IRENA) has prepared a roadmap for marine energy resource ...

[Renewable Energy: 20 MW Grid-Scale Battery Energy Storage](#)

GIS- 28 May 2024: In line with Government's vision to promote Renewable Energy in the electricity mix to 60% by 2030, a 20 Megawatt (MW) Grid-Scale Battery Energy Storage ...

[Mauritius solar storage: Unique 2024 Project Secured](#)

Dec 2, 2025 · The integrated 240 MWh storage component is crucial for enhancing grid stability, mitigating the intermittency of solar power, and ensuring a reliable, clean energy supply day ...

[Largest New-Type Energy Storage Power Station in GBA Put ...](#)

Jan 17, 2024 · The Baotang energy storage station in Foshan, South China's Guangdong Province, the largest of its kind in the Guangdong-Hong Kong-Macao Greater Bay Area ...

[Battery energy storage power station in botswana](#)

Battery energy storage power station in botswana Driven by the demand for carbon emission reduction and environmental protection, battery swapping stations (BSS) with battery energy ...
