

# The largest size of solar panels shipped

## Overview

---

Which solar company has the most solar shipments in the world?

According to Trina Solar, its shipments of 50.5GW in the first three quarters ranked fourth in the world, slightly less than LONGi Green's 51.23GW, with a difference of only 0.83GW between the two. Jinko Solar, JA Solar, LONGi and Trina Solar remain in the top four in terms of module shipments. Tongwei currently ranks fifth.

Who is the largest solar panel manufacturer in the world?

JinkoSolar is the largest solar panel manufacturer in the world. The Shanghai-based company shipped 47.2GWp of solar panels in 2024's first six months, more than any other firm. JinkoSolar has 14 factories in China, Malaysia, Vietnam, and the US, and 57,000 employees, with 1,500 working in the firm's eight research and development centres.

Who makes the most solar modules in the world?

Jinko Solar, JA Solar, LONGi and Trina Solar remain in the top four in terms of module shipments. Tongwei currently ranks fifth. Tongwei started manufacturing solar modules in August 2022. It was ranked 8th in the world that year, with shipments of 7.94GW. It then ranked 6th with 31.11GW, and 5th in the first half of 2024 with 18.67GW.

Who is the best solar panel manufacturer?

The top global solar panel manufacturers, based on how many they ship, include JinkoSolar, JA Solar, Trina Solar, and LONGi. However, the best manufacturer for your solar project will depend more on whether their products suit your budget, needs, and lifestyle.
